

SHREE OVERSEAS EXPORTS

INDIAN
HERBAL POWDERS
AND
NATURAL PRODUCTS

GROWN IN NATURAL ENVIRONMENT
WITH
LATEST GROWING TECHNIQUES

<https://www.indiamart.com/shreeoverseasexports/>

Our Strengths

1. State of Art Manufacturing Facility

Our state of art facility is 10000 square feet and well equipped with the range of State of Art Machineries, right from manufacturing to modern packaging, for up 50 MT per month.

2. Wide & Customized Products Range

A team of professionals who can customise and pack product as per our client needs. We carter a whole range of herbal products as per various customers needs.

3. Helping Famers & Workers in increasing their output and income

Our team works with local farmers to increase their output, by providing them information regarding latest farming techniques, new govt. schemes for farmers, so that their output get increased, and simultaneously their income also increase.

Due to this we too get raw materials of best quality and we can deliver best quality products to our esteemed customers worldwide

4. Sustainable Sourcing & Supply

Our objective is to work with suppliers, partners, customers and our valuable employess towards a long-term association that includes product development, quality and cost optimization, product enhancement, dedicated capacity, commitments and value addition.

We also take great care to ensure that our own sourcing – currently being done from the states of Rajasthan, Uttarakhand, Uttar Pradesh and Jammu & Kashmir – is environment friendly and socially responsible. By connecting farmers and collectors to more valuable products and a sustainable consumer base, we supports social uplift.

5. Technical & Documentation Support

A whole range of technical documentation for our clients including the specification and procedure of the manufacturing process. Custom made documentation support is also available as per the need of the client.

6. In-house Testing Facility

Buyer can take samples before placing order to us, so that, they can assure the quality of the product. Different test reports can be available as per the requirement of the customer through the in-house laboratory and third-party testing. We are capable of providing Certificate of Analysis, MSDS Reports, Non Hazardous declarations, FSSAI Licence, certificate of origin (Preferential/Non-Preferential, Spice Board Control RC, etc. Any other document can also be arrange as per buyer's need

Spread over an area of more than 10000 sq. feet, the manufacturing unit of Shree Overseas Exports at Bahadurgarh, Haryana is capable of managing the processing capacity of 50 MT of dried herbs into powders with absolute ease. Our Factory is is well equipped with modern equipment for cleaning, grinding, packing, etc. We can pack our products in any size(50grams pouches to 25 Kg bulk bags), in plain or printed/labelled pouches in buyer's brand of different types as per buyer's need.

Assurance & Guarantee of The Basis Of Quality

Being an Govt. approved organization, we adhere to both national and international quality standards. SHREE OVERSEAS EXPORTS is GMP, ISO, FSSAI, SPICE CONTROL BOARD & FIEO REGISTERED and IEC certified (for exports).
